

Supplemental Figure S1. The distribution of CRS and CRES grades among patients with different pathological types of B-cell lymphoma under the two treatment protocols.

A. The incidence of CRS grade among different pathological types of B-cell lymphoma in CAR-T group.

B. The incidence of CRES grade among different pathological types of B-cell lymphoma in CAR-T group.

C. The incidence of CRS grade among different pathological types of B-cell lymphoma in CAR-T combined with ASCT group.

D. The incidence of CRES grade among different pathological types of B-cell lymphoma in CAR-T combined with ASCT group.
