Message from the Editor-in-Chief

Gastroenterology Insights is an international open access journal on all aspects of gastroenterology and hepatology, indexed by ESCI (Web of Science) and Scopus in the field of gastroenterology and hepatology, for the publication of clinical research on the alimentary tract, liver, biliary tree, and pancreas. Regular publications include articles describing new disease mechanisms and new management strategies, both diagnostic and therapeutic, that may impact clinical practices in the near future. Manuscripts are peer-reviewed and a first decision is given to the authors in less than 3 weeks after submission.
