Message from the Editor-in-Chief

Publications (ISSN 2304-6775) is an international, peer-reviewed, fully open access journal that provides a home for research related to all aspects of scholarly publication and culture. Scholarly publishing is the gateway to the academic record, and it should be studied and critically analysed in all its dimensions with the same rigour expected of other research.

Looking for Editor-in-Chief

Aims

Publications aims to provide an interdisciplinary forum for scholars, publishing professionals, librarians, funders, innovative service providers and others to communicate original research on a range of topics that address current issues and inform best practice.

Scope

- Theory and practices of scholarly communication
- Public access to and engagement with scientific research
- Globalisation of research and the advent of open science
- The social, legal and ethical dimensions of publication
- Digitisation and other innovations in scholarly publishing technologies
- Metadata, standards, infrastructures and linking in the scholarly record
- Financial models and sustainability issues for scholarly publishing
- Copyright, licensing and other legal issues in publishing
- Issues related to peer review and academic governance practices
- Critical bibliometric and scientometric studies, including socio-technical perspectives
- Cultural orientations towards academic productivity and evaluation
- Reproducibility, research integrity and publication ethics
- Issues, opportunities and best practices in the publication of non-traditional research outputs
- Traditional and emerging methodologies in the assessment of research and its scientific and societal impact
- The role of research libraries, scholarly societies, funders and others in scholarly communication
